" What they all think about it"

- It was very good
- The weather was very bad
- bad organisation (the show must be before we present our stands, because nobody looks to the dances and the songs which countries present!!!!)
- I like the stand of Switzerland, because we could milk a cow and after we became a piece of chocolate for free!!
- the "Apfelstrudel " from Austria was very good!!!
- it was very interesting to see how the other countries cook!!!
  - the food was very good!!

**The MacDonald Bell**

The bell used by the MacDonald staff to wake up the scouts was stolen on Monday. This probably had to do with the fact that on occasion it can be heard from the Kross. Right as the bell had been stolen Dumfriesshire scouts and a few scouts from the Texas contingent marched into sub-camp Morrison. The shirtless and muddy scouts whom had recently dived into the freezing cold river entered the camp without even asking. They then proceeded to walk up to angered aunts and uncles at which point the demanded the return of the bell. The angry but frightened Morrison campers failed to put up a fight. The MacDonald scouts retrieved the bell and returned it to its rightful owners.

**Subcamp News**

- Robertson: Robertson Subcamp is presenting a new award to the worst patrol since today.
- Mac Lean: The Gordon/Austria Patrol won the Subcamp Pennant today. The new drying-room was just working for about 10 min.. Then it ran out of gas.
- Morrison: Angus/Germany scouts got a new top-score today (98/100 points).
- MacDonald: The subcamp-bell was stolen yesterday. But some of the MacDonald scouts went to their neighbours and they brought the bell back to their subcamp.
- Stewart: The uncles celebrated an special-birthday-party at midnight. One of the uncles tents crashed during the last night. When he woke up in the morning he phoned one of the other uncles to rescue him, because he wasn't able to get out of the tent alone.
- Murray: They dont have any news. Everything is going on as it has gone all the days before.

## The Skunk Song

Chorus: There's a dead skunk in the middle of the road

There's a dead skunk in the middle of the road oo  
 There's a dead skunk in the middle of the road oo  
 And it's stinking to high heaven

Crossing the highway late last night

Well he should have looked left and he should have looked right

He didn't see the station wagon car

The skunk got squashed and there you are

Chorus

Take a whiff on me, that ain't no rose  
 Roll up your window and hold your nose  
 You don't have to look and you don't have to see  
 You can feel it in your olfactory

Chorus

You've got your dead cat and you've got your dead dog  
 On a moonlight night, you've got your dead bull frog  
 You've got your dead rabbit and your dead racoon.  
 Aw the blood and guts are gonna make you swoon

Chorus

END

## PL's Supper review

The PL's supper last night was an experience not to be missed. While the food and chance to meet fellow PL's was a chance to unwind, the music and dancing of the (male) leaders was a major letdown. While myself and other PL's I have spoken to found the attitude of the leaders extremely fun and inviting, there was also a slightly patronizing attitude that followed. Service was great, but not every five seconds. Getting food and drink shoved down your throat by pretty looking ladies is inviting, but it is not needed because PL's are able to get off their seats and feed themselves believe it or not. From one sore point to another, why is a Scottish based PL's supper entertained by an American singer bringing American songs, rather than a Scottish band bringing Scottish songs? But overall a brilliant night and much respect to all the leaders and Camp Chief who gave up their time.

## Monkey business

Our foreign correspondent, aka Monkey, is on the lookout for all embarrassing pictures of scouts. Here is a photo of Danish scout, Rikke from Robertson sub-camp, when she was young, happy, and not at BA!

Any humiliating photos to be found, should arrive by fair means, or foul at the Kross Kurrents post cabin, happy hunting!
