## WELCOME TO THE BLAIR ATHOLL 32nd INTERNATIONAL PATROL CAMP 2010

Welcome to Blair Atholl and to the 32nd International Patrol Jamboree. It is a great privilege for me to be Camp Chief and to welcome you. Over many years Scouts have enjoyed excellent times here at Blair Atholl and everything is now ready to make this a very special camp for you.

You have all spent time preparing for the camp and now that you are here it may seem all a bit daunting. There is an excellent staff team here to run the camp and if you need help all you need to do is ask.

I am sure you will all work hard setting up your patrol sites so you are ready and organised when our overseas guests arrive tomorrow. Please remember that they are a long way from home, do make them welcome and do all that you can to help them settle in.

I hope you all have a great camp, have lots of fun and make many new friends. I look forward to meeting you all.

John Kennedy  
Camp Chief

It is my pleasure to join with John in welcoming you to the 2010 Blair Atholl Jamboree.

You are very fortunate to have the opportunity to attend this camp and I hope it is at least as good as you hoped.

I will try to chat with you all at some point over the next 10 days but don't wait for me to find you, feel free to come and talk to me anytime!

From the moment you arrive on site

you are part of the Blair Atholl family and it is up to you to make the most of your time here. And that time starts now!

All that I ask is that you have fun, take time to try new activities, make new friends and most of all **ENJOY YOURSELF.**

Sharkey

## Doctor, Doctor Give Me The News...

A brief introduction to the only site team who want you to make them redundant! Help us to achieve our life's ambition by reading the helpful hints below.

We are Dr. Marion and her Merry Band of first aiders, nurses and paramedic types.

1. Rain proof yourself and kit. Keep tents laced and clothes dry.

Photo: Dr Marion Rankin and Nurse Norma Gray

2. Wash, wash and wash: your hands frequently each day before food preparation each day especially your pots and utensils thoroughly and your feet daily.

3. If you have a tummy upset let your subcamp health person know.

4. Injuries; seek attention promptly from subcamp or activity staff.

5. Let subcamp know if you feel you need to see the doctor.

6. Watch out for injury hazards, fires, dipping areas and kitchen areas especially.

7. Have fun. Smile at those you pass. A healthy sense of fun makes everyone feel good.

## NOTICE

### Opening Ceremony

Tomorrow the overseas Scouts and Leaders will be arriving through out the day and everyone will be working towards settling all our guests into camp life. The first official event beings with the Grand Opening Ceremony. All Scouts and cousins (leaders) should be meeting at their subcamps from 8.30pm to attend the ceremony.

### \* TONIGHT \*

All newly arrived Scouts will be taking a tour of the camp site tonight from 7pm.

## Auntie Freeze

Hello to all my wee scouting cherubs out there. I am your friendly Scottish Agony Aunt, Auntie Freeze and I am here to help sort out any little niggling problems you might have here at camp. Whether someone is eating biscuits in bed and getting crumbs in your sleeping bag, snoring very loudly and you canny sleep or humming when they brush their teeth, just write me a wee note and I will pass on my perils of wisdom. I am here to help you all my little darling, so just hand in your wee notes to the lovely staff at the Kastle Kurrents office (behind Krafts in the Kastle).

Bye bye for now and I'll hear from you soon.

## The Scottish Scouts Have Arrived

## Hello, Good Evening and Welcome

To your very own camp news paper. We need you to give us the stories, the gossip, the jokes, the photographs to make this a real fun paper. You will be able to find out basic information as to who, what, when where and why is happening around the camp. If you have anything you would like to be included in the latest edition of Kastle Kurrents then you can leave your stories and photographs (memory stick or camera memory card), with one of our staff. You can find us in the blue box at the back of Krafts in our Kastle (not their Castle).

### Did You Know...

- Did you know Sailor, Dead Leaf, Paper Kite, Blue Striped Crow, Julia and Great Egg Fly are all names of BUTTERFLIES
- The original name for the butterfly was 'flutterby'!
- A Cheetah does not roar like a lion - it purrs like a cat.
- Did you know moths are not really attracted to light? Moths fly towards the blackest point which is behind the light.
- Ants don't sleep.
- Owls have eyeballs that are tubular in shape, because of this, they cannot move their eyes.
- A bird requires more food in proportion to its size than a baby or a cat.
- The mouse is the most common mammal in the US.
- A newborn kangaroo is about 1 inch in length.
- A cow gives nearly 200,000 glasses of milk in her lifetime.

### No. 1

5		7				3
				3		8

## WORD FIT

In this puzzle, each square in the grid contains two letters. Can you delete one letter from each square so that each row reading across and each column reading down contains a word?

S	Y	W	O	N
O	P	N	S	D
E		Y		B
Q		B		I
U	C	L	S	T
D	N	F	I	I
T		U		N
I		O		C
B	U	W	O	H
G	M	N	C	T
