G D G
We're camping in the field of dreams

Laughter heard round the subcamps
Through the rain and the Blair Atholl sun
Over games we have played and friends we have made
United together as one
We're laughing in the field of dreams
We're laughing in the field of dreams
Laughing together, making friends for ever
We're laughing in the field of dreams

We're singing tonight with each other
Our voices in sweet harmony
Drift across Target Park in the gathering dark
As the campfire fades away
We're singing in the field of dreams
We're singing in the field of dreams
Singing together, making friends for ever
We're singing in the field of dreams

After Scouting here at Blair Atholl
We've made memories that will never fade
From our far distant lands we came and joined hands
"Haste Ye Back" as we go on our way
We're Scouting in the field of dreams
We're Scouting in the field of dreams
Scouting together, making friends for ever
We're Scouting in the field of dreams
