Risk Assessment

Unnecessary calling of emergency services		Emergency services staff	Low	Ensure late back procedure is in place and is followed. Ensure that the late back procedure has a requirement for the leader to sign in on return and to remain contactable after the walk finishes.
Medical Emergency	On Route	Participants, leaders	Low	Medical disclosure forms collated and reviewed before the walk. Leader has a current Outdoor First Aid certificate. Emergency procedures in place. Assistants made aware of emergency procedures.
Traffic accident	On way to or from walk	Participants, leaders, members of the public	Low	Clear instructions and communication. Brief the group on problems of on-road sections and of dangers presented by others (eg vehicles, pedestrians, animals and cyclists). Deploy other staff and responsible adults appropriately throughout the group.
Injury to leader	On Route	Leader, participants	Low	Leader working with young people has an assistant capable of dealing with incidents. Leader working alone carries an emergency procedure card and informs participants of its whereabouts at the walk start.

I have read and understood this risk assessment:
